

A wedding scene set outdoors in a lush, green environment with large trees. A bride in a white lace dress and veil is laughing joyfully, holding a large bouquet of white lilies and greenery. A groom in a light blue suit stands beside her, smiling. In the background, a man in a white shirt and suspenders is laughing. To the left, a woman in a light blue dress is also visible. The overall mood is happy and celebratory.

ABOUT US

Hi, we're Jack & Natasha — the hearts behind Lush Flower Co. Flowers have been a part of our lives for as long as we can remember. We both come from families of florists and spent our early years surrounded by petals, stems, and the joy that beautiful blooms can bring.

While we each explored different career paths, we never strayed far from our floral roots. After years of working alongside our families and honing our skills, we decided to take a leap and open our own florist.

Our goal? To share our passion and bring joy to couples and clients through thoughtful, timeless floral design.

With the support of our families and the foundation of decades of combined experience, we craft florals that are not only stunning but deeply personal. Whether you're dreaming of a classic romantic look or something more modern and bold, we're here to bring your vision to life with care, creativity, and heart.

FAQ:

Q: Do you have a minimum spend for weddings?

A: Nope! We believe beautiful florals should be accessible for weddings of all sizes. Whether you're planning an intimate celebration or a grand affair, we're happy to work with your budget to create something special and meaningful.

Q: Can I request specific flowers or colours?

A: Absolutely! We love working with your vision, favourite flowers, and colour palette. While we do our best to get your top picks, availability depends on the season — but we always offer beautiful alternatives that align with your style.

Q: Do you offer floral packages or is everything custom?

A: All of our wedding work is completely custom. We believe every couple is unique, and your florals should reflect that! From bouquets to ceremony installations, we tailor every detail to your vision, venue, and story.

Q: Can you help me figure out what I need?

A: Of course! If you're not sure what florals you'll need for your day, don't worry — that's what we're here for. During our consultation, we'll talk through your day and recommend everything from bouquets to centrepieces.

Q: What's your payment and booking process?

A: To secure your date, we require formal acceptance of your custom quote along with a non-refundable deposit. The remaining balance is due two weeks prior to your wedding day. We'll guide you through each step to make the process simple and stress-free.

Q: Do you travel for weddings?

A: Yes! We love a good road trip. We're happy to travel to your venue — just let us know where your wedding is, and we'll provide a custom quote that includes travel and logistics.
